ENTERED AT SAN FRANCISCO, CAL., AS SECOND-CLASS MATTER

**NOW READY** The Book Long Needed  
by the Medical Profession

## PROPHYLAXIS AND TREATMENT OF INTERNAL DISEASES

By **FREDERICK FORCHHEIMER, M.D.**

Professor of Theory and Practice of Medicine, Medical College of  
Ohio, University of Cincinnati

**T**HIS book, after years of labor in preparing the manuscript, is now ready. Covering as it does a subject never before adequately treated, the work will be enthusiastically welcomed by physicians the world over. Many vital points on the prevention and treatment of diseases which are underestimated by many medical writers are given by Dr. Forchheimer the consideration which the subjects demand.

**No Practitioner, no Student can afford to be without it**  
**OUR NEW ILLUSTRATED CATALOGUE SENT UPON REQUEST**

## Sick-rooms in Summer

can be kept cool and odorless by the following practical method:—

A towel or sheet, moistened with Platt's Chlorides diluted with ten parts of water, if frequently wafted about the sick-room and then hung up, will cool and purify the air by liquid evaporation and chemical absorption.

### ***Platt's Chlorides,*** ***The True Disinfectant.***

An odorless, colorless liquid; powerful, safe, and cheap; sold in quart bottles only, by druggists everywhere; prepared only by Henry B. Platt, Platt Street, New York.

## LIVERMORE SANITARIUM

THE SANITARIUM FOR NERVOUS AND GENERAL DISEASES is beautifully situated near the town of Livermore, 30 miles from San Francisco, and is surrounded by handsome grounds. It is isolated, the rooms are large and well furnished and the Sanitarium is specially adapted for the treatment of Neurasthenia, Nervous Dyspepsia, the Alcohol Habit and Morphomania. One building is especially adapted for Massage. Electricity, Hydrotherapy and Sun Bath. Terms \$30.00 to \$75.00 per week.

THE DEPARTMENT FOR THE TREATMENT OF MENTAL DISEASES is entirely separated from the Sanitarium and is located in grounds absolutely private. The central building is surrounded by small cottages for the better segregation of patients. The best-trained nurses are employed and all modern appliances for the proper care of the insane have been provided. Absolutely no restraint nor enclosures for patients. Terms \$25 to \$50 per week, depending upon the number of nurses required.

Address J. W. ROBERTSON, M. D., DRAWER S, LIVERMORE, CAL.

# Lactopeptine

**is not a combination of drugs.**

**Its physiological action is exerted solely upon the ingested food, in the way of assistance to its proteolytic conversion, along normal lines.**

**It is thus a distinct digestive aid in all Functional Dyspepsias, especially if characterized by gastric pain or uneasiness.**

**Dose: Powder, 20 grains.**

**Tablets, 2 to 4**

**Elixir, 1 tablespoonful.**

*The N. Y. Pharmacal Assn  
Yonkers, N. Y.*

Formula of Lactopeptine Powder: Sugar of Milk, 40 ozs.; Pepsin, 8 ozs.  
Pancreatin, 6 ozs.; Ptyalin or Diastase, 4 drms.; Lactic Acid, 5 fluid  
drms.; Hydrochloric Acid, 1 fluid drms.

# LISTERINE

## DERMATIC SOAP

A saponaceous detergent for use in the antiseptic treatment of diseases of the skin

Listerine Dermatic Soap contains the essential antiseptic constituents of eucalyptus (1%), mentha, gaultheria and thyme (each  $\frac{1}{2}\%$ ). The quality of excellence of the soap stock (which contains no animal fats, and none but the very best vegetable oils) employed as the vehicle for this medication, will be readily apparent when used upon the most delicate skin, and upon the scalp. Before the soap is "milled" and pressed into cakes it is *super-fatted* by the addition of an emollient oil, and the smooth, elastic condition of the skin secured by using Listerine Dermatic Soap is largely due to the presence of this ingredient. The antiseptic constituents are added to the soap after it has received its surplus of unsaponified emollient oil, thereby retaining their peculiar antiseptic virtues and fragrance.

A sample of Listerine Dermatic Soap may be had upon application to the manufacturers—

# What ESKAY'S FOOD

did in 13  
months for  
Catherine  
Hudson

7 MONTHS. WEIGHT 6 1/4 LBS.

ESKAY'S FOOD brought Catherine Hudson, of Corydon, Ind., from the emaciated condition, shown in the top picture, to the splendidly nourished, healthy and happy condition, shown in the bottom picture, in the short period of 13 months.

ESKAY'S FOOD is a convenient and economical modifier of cows' milk. It breaks up the tough masses of casein, rendering them flocculent like mothers' milk. It also supplies the lact-albumin.

Samples and clinical reports sent upon request by the manufacturers.

SMITH, KLINE & FRENCH CO.  
Philadelphia, Pa.

20 MONTHS. WEIGHT 27 LBS.

# CUTTER'S DIPHTHERIA ANTITOXIN

(U. S. P.) IN NEW PACKAGE.

## **AS IMPROVED, CUTTER'S PISTON SYRINGE CONTAINER**

is the most convenient and dependable one on the market, and a sample package (of Serum), will be sent to any physician on request.

### **Piston Slides Easily, yet Does Not Permit Escape of Serum Back of Plunger**

"Therapeutically your Serum is the peer of any," recently wrote a well known physician who has used hundreds of thousands units of our Antitoxin in the last year, and now the package is mechanically perfect.

## **AS A "TRUST BUSTING" PACIFIC COAST PRODUCT**

that has already caused a break in the ranks of the combine, Cutter's Antitoxin certainly deserves your active support. It is still the lowest priced of any, and is exchangeable for fresh after expiration of date on package. Please ask your druggist to carry stock, and insist on being supplied with our product.

## **The Cutter Analytic Laboratory**

Manufacturing Biological Products Under U. S. Gov't License.

# GARDNER'S SYRUP HYDRIODIC ACID

is prepared from *pure resublimed Iodine* and contains 6.66 grains of this element in each fluid ounce, or 6.72 grains *gaseous Hydrogen Iodide*.

It is undoubtedly the very best form of Iodine for rapid assimilation and is superior to KI in every indication.

Its prominent features are its activity, palatability and the fact that it produces no gastric disturbance or other unpleasant effects.

DOSE, 1 to 2 teaspoonfuls, in water half an hour BEFORE meals.

EGG-O-SEE  
Crisp  
Delicious

PHYSICAL AND  
MENTAL VIGOR

cannot be attained nor can it be maintained without proper food—food which will supply the energizing elements necessary to physical and mental activity—*not* the kind that simply satisfies hunger. Physical and mental well-being require that physiological balance between waste and repair be maintained and that a surplus of energy be stored in the tissues for unusual effort. This is possible, not from the quantity of food taken into the stomach, but by the amount of real nutriment assimilated by the organism.

Of all food products *whole wheat* is best adapted to serve as the basis of a healthful diet through which must come the material for physical force and mental strength.

**EGG-O-SEE**

is whole wheat in its best form—the form most palatable, most digestible and most easy of assimilation. It is rich in protein, carbohydrates and the mineral elements of wheat (phosphates, nitrates, etc.). It is a food of physiologic excellence.

Experiments recently conducted by Professors Abbott and Keiser of Washington University, St. Louis, established that EGG-O-SEE is much superior to bread, soda crackers and ordinary bread-stuffs in dietetic value and that it is twice as easily digested.

In recommending EGG-O-SEE you are going *back to nature* for the full value of her best cereal food—food capable of supplying the dietetic elements essential to physical and mental vigor.

Full size package will be sent to physicians on request.

**THE EGG-O-SEE CEREAL COMPANY**  
Quincy, Ill., and Buffalo, N.Y.

# Alphozone Is a Germicide

## *Of Such Peculiarly Valuable Properties that Every Physician Should Know About It*

It is a single chemical—succinic peroxide—unmixed with any other substance.

Its germicidal strength equals that of mercury bichloride, and is 3300 times greater than that of hydrogen peroxide, U. S. P. A 1 to 2500 solution kills pathogenic germs in one minute.

It is not poisonous; does not coagulate albumin; keeps for any length of time; dissolves easily and quickly in water and is ready for immediate use; the solution is colorless, odorless and stainless.

Being non-poisonous, it is adapted to many purposes for which most other effective germicides are unsuited. It is used both internally and externally, and is indicated in all conditions where a germicide can be brought in contact with the infected surface.

Thus, its application in purulent eye and ear affections; chronic ulcers; abscesses; catarrhal affections of the urethra, bladder and vagina; skin diseases; gastro-intestinal infections; typhoid fever; summer diarrhea, etc., has been so successful that we have many favorable clinical reports on its use in these conditions.

An exhaustive brochure treating of the bacteriology, therapy, chemistry and mode of preparations of alphozone has been published by our Scientific Department and will be sent without charge, together with a sample vial of 1 gr. Alphozone Tablets, to any physician requesting it.

**INDICATIONS**

CATARRHAL AND INFECTED CONDITIONS OF THE MALE AND FEMALE GENITAL ORGANS—VAGINAL, URETHRAL, RECTAL, NASAL, ORAL, PHARYNGEAL, INTESTINAL, AS WELL AS PRICKLY HEAT, POISON OAK, LUPUS VULGARIS, DECUBITUS, BURNS, ULCERS, EXCORIATIONS, ABRASIONS, AND OTHER DISEASED CONDITIONS OF THE SKIN.

**TYREE'S ANTISEPTIC POWDER**

**TWO SIZES**  
25¢ AND \$1.00

## Antiseptic Saving

TYREE'S PULV. ANTISEPTIC COMP. does not contain water, alcohol or any "filling;" patient adds that. He does not pay for anything that is not necessary. 25 cents' worth will make 2 gallons of Standard Antiseptic Solution that would otherwise cost \$1.00 or more. Among Genito-Urinary Specialists, TYREE'S ANTISEPTIC POWDER is preferred to the usual remedies on account of its simple and effectual action directly on the mucous membrane of both male and female

## GENITAL ORGANS.

This is the most economical means at hand for getting the full therapeutic value out of the best known agents in LEUCORRHOEA and GONORRHOEA. It is also the safest and surest means. Literature descriptive of its application together with clinical reports and a most interesting booklet entitled, "George Washington's Physician, Their Friendship and His Treatment During the President's Last Illness," will be mailed free of cost upon request.

**J. S. TYREE**, Manufacturing Chemist,  
WASHINGTON, D. C.

# TANPHENYFORM

WARNER & CO.

KNOWN PREVIOUSLY AS TANFORMAL.

**Energetic, Intestinal, Astringent and Antiseptic.**

Liberates Tannic Acid, Phenol and Formaldehyde, due to a gradual and continuous chemical reaction, as soon as it comes in contact with the Alkaline intestinal secretions!

CONTROLS the DIARRHEA of TYPHOID FEVER and other infectious diseases and inhibits the development of the micro-organism and astringes the congested and inflamed mucosa, including the infected and ulcerated peyer's patches, thus, it greatly limits the possibility of hemorrhage and perforation.

Does not disorder digestion nor derange the stomach, is eliminated by the bowels and kidneys.

The following clinical report from a Physician in Kansas illustrates its exceptional Therapeutic value.

"TANPHENYFORM (Tanformal) controlled diarrhea in Typhoid when everything else failed."—DR. G

# The NAUHEIM BATHS

Are Given by Means of the

## TRITON Effervescent BATH SALTS

DR. MARY PUTNAM JACOBI (Physician St. Mark's Hospital, N. Y.) writes us:

"I think very highly of the Triton Salts and use them constantly."

DR. SIMON BARUCH (Physician Wright Hospital, N. Y.) writes us:

"I regard the Nauheim System as a permanent improvement in therapeutics."

DR. WM. H. THOMPSON (Ex-President New York Academy of Medicine) writes us:

"I have no hesitation in recommending your artificial Nauheim Salts."

DR. JAMES TYSON (Professor of Medicine, University of Pennsylvania) in his Practice of Medicine, 1903, speaking of valvular heart disease hypertrophy and dilatation, says:

"The Nauheim Treatment is especially useful; fortunately artificial baths may be substituted for the natural ones. Their therapeutic efficiency is undoubted. They are also useful in renal affections. The deep-seated organs are relieved of congestion, while the heart derives from its improved coronary circulation material for the repair of weakened tissue."

The preparation of an artificial Nauheim Bath, surcharging the water with carbon dioxide by adding to a tub of water a package of Triton Salts, is simple to the last degree. We shall be glad to send literature and manual of the Nauheim Treatment on request.

## Cystogen-Lithia

An effervescent tablet of Cystogen (3 grains)  
3 grains and Lithium Tartrate 3 grains.

Uric acid solvent and alkaline urinary  
antiseptic.

DOSE—One or two tablets in a glass of water,  
three or four times daily.

The idea of this combination was given us by observ-  
ing the large number of physicians using CYSTOGEN  
with LITHIA in gouty and allied affections.

Should be dispensed in tubes to  
preserve effervescent quality.

**Where Cystogen is indicated, Lithia is of advantage;  
Where Lithia is prescribed, Cystogen is indicated.**

INDICATIONS—Rheumatism, gout, urinary deposits, calculus, cystitis, prostatitis and  
gonorrhea. A good urinary antiseptic during convalescence from typhoid and scarlet fever.

### CYSTOGEN PREPARATIONS:

Cystogen—Crystalline Powder.  
Cystogen—5 grain Tablets.

Cystogen-Lithia (Effervescent Tablets).  
Cystogen-Aperient (Granular Effervescent Salt  
with Sodium Phosphate).

Samples on request.

CYSTOGEN CHEMICAL CO., St. Louis, U. S. A.

# Granular Effervescent Salts

## FOUR GOOD FORMULAS

### ACETANILID COMPOUND.

Each drachm contains:  
Acetanilid, 2 1-2 grains.  
Sodium Bromide, 5 grains.

### SODIUM PHOSPHATE, CONCENTRATED.

Each ounce contains:  
Sodium Phosphate, 1 ounce.

### SALINE LAXATIVE.

Each drachm represents:  
Sodium Phosphate, 20 grains.  
Magnesium Sulphate, 25 grains.  
Sodium Sulphate, 10 grains.

### URITONE URINARY ANTISEPTIC.

Each drachm contains:  
Uritone, 5 grains.

Our *Granular Effervescent Salts* are a triumph of manufacturing pharmacy. The granules are pure white, firm and freely soluble. They dissolve with brisk effervescence, yielding snappy, refreshing draughts that patients take with positive relish. We supply 23 distinct formulas (see our catalogue.)

In 2-ounce and 4-ounce  
bottles, with screw cap  
measuring cup; also  
in pound bottles.

## MILK OF BISMUTH

EACH FLUIDRACHM REPRESENTS THE BISMUTH EQUIVALENT OF 5 GRAINS  
OF BISMUTH SUBNITRATE

### Astringent, Antacid, Antiseptic, Gastric Sedative.

*Milk of Bismuth* (P. D. & Co.) is an excellent agent in the treatment of acute, subacute and chronic gastritis, gastroenteritis, enterocolitis, diarrheas attended with evidence of irritation (or even inflammation and bacterial infection), and dysentery. No other preparation is so generally efficacious in allaying gastric irritation from various causes. In the treatment of diarrhea with acid stools, so frequently observed in children, it is signally useful. It neutralizes the acidity of the intestinal contents, thus removing one of the chief causes of irritation of the mucous membrane.

Supplied in pint, 5-pint and gallon bottles.

LITERATURE FREE ON REQUEST.

## PARKE, DAVIS & CO.

HOMEOFFICES AND LABORATORIES, DETROIT, MICH.

## ABBOTT'S SALINE LAXATIVE

(GRANULAR, EFFERVESCENT, MAGNESIUM  
SULPHATE COMP.)

Repurified dehydrated magnesium sulphate, in effervescent combination with true tartaric acid, sodium bicarbonate and sugar, is one of the pleasantest and most efficient laxatives or cathartics, according to dose given, and one of the best cellular eliminants known to medicine.

It is absolutely non-irritating, pleasant to take, promptly efficient and never gripes. A thoughtful moment must demonstrate to any physician the great utility of this preparation and determine him, if he has not already done so, to introduce it in his practice.

A heaping teaspoonful in a glass of room-warm water before breakfast, for a few mornings, is all that will be required for a convincing demonstration, and we will gladly send samples on request.

"ABBOTT'S SALINE LAXATIVE" may be obtained of your jobber; of your retailer on prescription; or direct from our laboratories. Prescription price (Retail) 50c. Per dozen (Trade) \$4.00.

### THE ABBOTT ALKALOIDAL CO.

50 West Broadway New York    Ravenswood Station CHICAGO    1361 Franklin St. Oakland, Cal.

NOTE—We are headquarters for active-principle granules and tablets and success-making specialties. Our line is obtainable from jobbers in drugs, on prescription at first-class pharmacies, or direct from our laboratories or branches. "Specify what you want and get it!" Samples, prices and literature on request.

# This is the Original and Genuine Saline Laxative

with a few sample reports as to its popularity. All others are jealous piratical attempts at imitation.  
**Imitators Don't Succeed!**

#### No "Just as Good"

Please send  $\frac{1}{4}$  doz. lbs. of Saline Laxative as soon as possible. I use it all the time. I have tried others claimed to be "just as good," but they do not "fill the bill."

Janesville, Ia.

DR. D. S. BRADFORD.

#### "Single Handed"

I prescribed Saline Laxative for a little fellow's disordered stomach, sent it single handed and alone to do the work and it did it. I have taken some few doses of it and I confess that its mildness suggests that it is perfect in every respect.

Griffithsville, Ark.

DR. R. H. WHITE.

#### "Only One Complaint"

I have prescribed Saline Laxative for at least 700 different people, and the only complaint I can think of now, is, that it keeps my patrons well and reduces the volume of business which is or should be the aim of all *real* physicians.

Freemont, Nebr.

DR. J. S. DEVRIES.

#### "More Orders"

Your Saline Laxative is a splendid refrigerant and anti-ferment, and a sure laxative. I will send other orders soon.

Vicar Switch, Va. F. H. LUSHBAUGH, M. D.

#### "More Every Day"

It is the best laxative on the market and I am using more of it every day.

Aurora, Ill.

DR. E. T. HARTLESS.

#### "A Can a Day"

I have long ago passed the "one can per day" of the Saline Laxative. It does the work.

Grand Rapids, Mich. DR. C. H. WINTON.

#### "A Superior Preparation"

I have been using Saline Laxative for some time and find your preparation to be superior to any substitute I have tried. I use it now altogether, and would not think of getting along without it.

Anthon, Ia.

DR. W. T. SCHWABLAND.

## *In Summer Complaints*

THINK OF

# ALKARHEIN OF USE IN INDIGESTION

OF COURSE IT WILL NOT CURE ALL CASES OF DYSPEPSIA, BUT IT WILL BE SURPRISING HOW USEFUL IT WILL PROVE IN SO MANY DERANGEMENTS OF THE GASTRO-INTESTINAL TRACT.

### COMPOSITION—WITH PHYSIOLOGICAL ACTION.

Rhubarb 2½ Grains	A superior laxative because it does not impair but improves the digestion—Is a tonic, also astringent.
Golden Seal 1 1-4 Grains	(With the acrid resin removed)—The great tonic and corrector of the mucous surfaces.
Potassium Bicarbonate 2½ Grains	Antacid. Increases Alkalinity of the blood and the oxidation and excretion of effete matters.
Pancreatin 1 Grain	Promotes intestinal digestion, converts starch into sugar and dextrose; proteids into peptones; emulsifies fats, digests the casein of milk.
Ceylon Cinnamon 1 1-4 Grains	Valuable in atonic conditions of the intestinal mucous membranes, with flatulence and diarrhea.
Spirit of Peppermint	and a minimum of Simple Elixir is a menstruum that will commend itself to physicians.

Think of Alkarhein in acid dyspepsias, flatulent colic, infantile colic, cholera infantum, cholera morbus, diarrhea and all abnormal acid conditions of the alimentary tract. Think of Alkarhein in these cases and prescribe it as thousands of physicians have been doing for many years with the confidence born of experience.

**TRI-IODIDES** (HENRY'S) Liquor salii-iodides.

Colchicin, 1-20 grain. Phytolaccin 1-10 grain. Solanin, 1-3 grain. Soda Salicylate, 10 grains. Iodic Acid, equal to 7-32 grains Iodine. Aromatic Cordial. Dose 1 to 2 drams in water. 8-oz. bottle, \$1.00.

A powerful alterative and resolvent and hepatic stimulant, and succedaneum to the Iodides. Indicated in all conditions dependent upon perverted tissue metabolism; in lymphatic engorgements and functional visceral disturbances; in lingering rheumatic pains which are "worse at night." Bone, periosteal and visceral symptoms of late syphilis; for the removal of all inflammatory, plastic and gouty deposits.

A remedy in sciatica, megrim, lumbago and muscular pains; the gouty and rheumatic diathesis; acute and chronic rheumatism and gout; chronic eczema and psoriasis, and all dermic disorders in which there is underlying blood taint.

An hepatic stimulant increasing the quantity and fluidity of the bile. Relieves hepatic and intestinal torpor; does not cause the unpleasant gastric symptoms of potassium iodide.

**THREE CHLORIDES** (HENRY'S) Liquor Ferrisenic.

Each drachm contains Proto-Chlor. Iron, 1-8 gr.; Bi-Chlor. Mercury, 1-128 gr.; Chloride Arsenic, 1-280 gr.; Calisaya Cordial. Dose, 1 to 2 drachms. 12-oz. bottle, \$1.00.

An oxygen-carrying ferruginous preparation, suitable for prolonged treatment of children, adults and the aged. Indicated in anemia and bodily weakness, convalescence from acute diseases and surgical operations; boys and girls at the age of puberty, and the climacteric period in women. In children with chorea, rickets, or who are backward in development, or in whom there exists an aversion to meats and fats. Prolonged administration never causes "iron headache."

As an adjuvant for potassium iodide the undesirable manifestations known as iodism can be removed. Stimulant to the peptic and hydrochloric glandular system of the stomach, especially serviceable in the impaired appetite, nausea, vomiting and other gastric symptoms of alcoholic subjects.

**MAIZO-LITHIUM** (HENRY'S) Liquor Lithium Malzenate.

Nascent Chemic Union of Malzenic Acid—from Green Corn Silk—with Lithium, forming Malzenate-Lithium. Two grains to drachm. Dose, 1 to 2 drachms. 8-oz. bottle, \$1.00.

A genito-urinary sedative, an active diuretic; solvent and flush indicated for the relief and prevention of renal colic; a sedative in the acute stages of gonorrhoea, cystitis and epididymitis; in dropsical effusions due to enfeebled heart or renal diseases. As a solvent in the varied manifestations of gout, goutiness and neurotic lithemia, periodical migrainous headache, epigastric oppression, cardiac palpitation, irregular, weak or intermittent pulse; irritability, moodiness, insomnia and other nervous symptoms of uric-acidemia. Decidedly better, more economical, extensive in action and definite in results than mineral waters.

Those cases of irritable heart, irregular or intermittent pulse so frequently met with by insurance examiners and found to be due to excess of uric acid, are special indication for Maizo-Lithium.

**HENRY PHARMACAL CO., LOUISVILLE, KY.**

# San Francisco Polyclinic

## Post-Graduate Department

These courses are of six weeks' duration, and consist of practical work in all the branches of medicine and surgery. Special instruction in the use of the X-Ray is also given.

The entire day from 8 a. m. to 6 p. m. six days weekly, is fully occupied. The student has the opportunity, under the guidance of competent instructors, of performing all of the common surgical operations on the cadaver, as well as the intestinal operations upon the dog.

Exceptional facilities are offered for practical work in Bacteriology and the examination of blood, feces, gastric contents and urine.

Martin Regensburger, ..... Secretary

## GRAND CANYON OF ARIZONA

**A Mile Deep, 13 Miles Wide, 217 Miles Long and Painted Like a Flower**

President Roosevelt visited the Grand Canyon May 6, 1903. In his notable speech on that occasion he said: "It fills me with awe; it is beyond comparison, beyond description. Keep it for your children, your children's children, and all who come after you, as the one great sight which every American should see."

**A Short, Inexpensive and Easy Side Tour and the Chief Attraction of a Trip to California.**

### A RAILROAD TO THE RIM

Santa Fe Trains now run daily to the rim of the Grand Canyon at Bright Angel. No stage ride. Only three hours by rail from main line at Williams, Ariz. Stopovers granted on through railroad and Pullman tickets.

**Round Trip Rate, Williams to Grand Canyon, \$6.50.**

Excellent hotels at Bright Angel and Grand View. Reasonable prices for saddle stock and guides

**New \$250,000 Hotel, "El Tovar," at Bright Angel, under management of Mr. Fred Harvey, is now open for guests**

Ask Santa Fe agent for free copy of pamphlet entitled, "Titan of Chasms." For 50 cents a beautifully illustrated book may be had about the Grand Canyon—containing articles by noted writers, a fine map and cover in colors. For 25 cents a set of our four black-and-white prints, ready for framing.

# Time and Money Saved

BY THE WONDERFUL

## OGDEN-LUCIN CUT-OFF

ON THE

## Union-Southern Pacific

---

**T**HE OGDEN-LUCIN CUT-OFF, the engineering marvel of the nineteenth century, was built to save transcontinental passengers seven hours in time and the expense of three meals.

The new composite-observation cars, with train libraries, superb dining-car service, luxuriously appointed sleeping cars, with all the modern conveniences for ladies and gentlemen, and the courtesy of employes make traveling a pleasure on this route.

Then, the unusually interesting scenery of the Rocky and Sierra Nevada Mountains, and the novelty of crossing the great dead sea of America—Salt Lake—by rail, make the trip one long to be remembered.

But send for our illustrated literature. You'll find it very interesting whether you intend traveling or not.

## MEDICAL DEPARTMENT

(MARION-SIMS-BEAUMONT COLLEGE OF MEDICINE)

ST. LOUIS, MO.

Offers a course in medicine, consisting of laboratory, didactic, clinical and sectional instruction, exercises, demonstrations and elective work, in this way meeting the highest modern requirement of medical instruction.

Abundant clinical material is afforded by two large general dispensaries, obstetric dispensary, and nine hospitals with a capacity of 1,000 beds, under the direction of members of the faculty, in addition to the city institutions.

The work of the first two years in Anatomy, Physiology, Histology, Embryology, Chemistry, Pharmacology and Physiological Chemistry, Pathology and Bacteriology has been placed upon a University basis. The instructors holding chairs in these departments devote their entire time to teaching and research.

For catalogue and information address:

TULARE, - - CALIFORNIA

## The Hospital of the Good Samaritan

ESTABLISHED 1887.

**934 WEST SEVENTH STREET, LOS ANGELES, CAL.**

The Hospital of the Good Samaritan is an institution of 100 beds for patients, a diocesan hospital owned and managed by the Episcopal church in Southern California, but undenominational in its benefits, being a general hospital for the reception of patients, irrespective of nationality or creed. The hospital does not have an attending staff and is open to all reputable physicians, especial effort being made to serve the profession as a whole. The hospital has a house pathologist, and furnishes all laboratory work free to those in moderate circumstances.

### FOOD AND DIET.

The hospital is provided with a main kitchen and five diet kitchens, equipped with steam cooking utensils. All dishes used in the hospital are sterilized after each meal. The hospital controls a private dairy ranch, insuring patients the purest milk and farm products. The drinking water is passed through Pasteur filters and then sterilized under high pressure.

### OPERATING ROOMS.

These rooms are four in number, and used for different purposes. The main operating pavilion, of six rooms, is considered most modern and complete.

### OBSTETRICAL DEPARTMENT.

This department consists of a confinement, an operating, and a sterilizing room and a nursery with incubator.

### CHILDREN'S DEPARTMENT.

This is especially equipped for Orthopedic Surgery, having an X-Ray room, plaster room, electricity and massage rooms and gymnasium; also a sun room for the administration of Violet rays in tubercular joint disease.

### THE HOSPITAL SIGNAL AND TELEPHONE SYSTEM.

This system has been installed throughout the building.

### PROVISION FOR ALL CLASSES.

There are elegant suites and apartments, with private baths and telephones, for those who desire luxurious accommodations, and the hospital is also prepared to take care of those in moderate circumstances.

### TRAINING SCHOOL FOR NURSES.

This school gives a three years' graded course. The work of each year consists of eighty didactic lectures, on ten different branches, by physicians and surgeons; fifty classroom instructions, given by the superintendent and Head Nurses of the various departments, including practical work in cooking, massage, electricity and medical gymnastics, and general medical and surgical duty, special duty, operating room service, service in the children's department and in the obstetrical department.

A. M. A. Principles of Ethics.

"It is equally derogatory to professional character for physicians to dispense or promote the use of secret remedies."

### ALCOHOL AND DRUG ADDICTIONS

958 DAVIE AVE., MEMPHIS, TENN. 1939 EAST EVANS AVE., DENVER, COLO.  
1849 DWINELL STREET, OAKLAND, CALIFORNIA.

These Institutions are owned and controlled by reputable physicians, and are conducted upon strictly ethical lines. They were opened and are maintained solely for the purpose of treating the Alcohol and Narcotic Drug Addictions by methods based upon the original investigations of Dr. Geo. E. Pettey of Memphis, Tenn., and first published to the profession by him in 1901. (See Therapeutic Gazette, Oct. 1901.)

The method of treatment introduced by Dr. Pettey removes these addictions from the list of almost incurable diseases and renders them the most certainly and readily curable of all the chronic ailments. For Terms, Address Retreat Most Convenient to You.

# THE *California Hospital*

LOS ANGELES

A DELIGHTFUL HOME FOR THE SICK AND CONVALESCENT.

The California Hospital is one of the unique establishments of America. With over one hundred and seventy-five rooms, five operating rooms, delightful roof gardens and verandas, spacious grounds dotted with semi-tropical trees and plants, with a corps of nearly one hundred nurses, and with the most nourishing, palatable and healthful food, prepared by a first-class chef, it combines all of the necessary attributes of a hospital with the comforts of a first-class modern hotel. Particular personal attention will be given to physicians and members of their families.

Address Medical Director, California Hospital, 1414 South Hope Street, LOS ANGELES, CAL.

Manager. P. O. Box 297. Phone, 351 Green Stockton, Cal.

**IN YOUR CASE OF BRIGHT'S AND OTHER DISTURBANCES OF THE KIDNEY YOU SHOULD USE**

# NEPHRITIN

**THE PRIMARY SUBSTANCES OF THE CELLS OF THE CORTEX AND THE CONVOLUTED TUBULES OF THE KIDNEY.**

These primary substances in the shape of macerated kidneys have been used for three years in the hospitals of France with remarkable results.

Page and Dardelin in the Presse Medicale report 18 cases and say that the results have been so remarkable that they do not hesitate to proclaim that it is the most certain and most powerful weapon at our disposal in fighting Nephritis.

Chaupin in Revue De Medecine: "Very energetic, diuretic action, edema and congestion vanishing and arterial hypertension subsiding."

Renault in Gazette des Hopitaux: "Most efficacious and active medicament yet proposed, causes albumin to disappear, does no harm to diseased kidneys."

NEPHRITIN is fifty times as potent as the maceration.

NEPHRITIN is dispensed only in 5-grain tablets.

Literature and samples upon request.
